

SPECIAL PROJECTS AND SERVICE WORK

Our Special Projects and Service Work teams are specialists in repairs, renovations, interior fit-ups and custom projects across multiple sectors.

With over 45,000 jobs and counting throughout the Atlantic Canadian region, you can trust our experienced project managers and tradespeople to efficiently handle any job, large or small.

LINDSAY360

LINDSAY360 offers Facility Condition Assessments and Maintenance Plans in coordination with our team. Contact us at 360@lindsayconstruction.ca for details.

DEPTH OF RESOURCES

Our diverse range of skillsets and depth of capabilities enables us to self-perform work on most projects. This approach ensures better project control from start to finish, resulting in successful projects delivered on time and on budget.

DEDICATED SERVICE

With a dedicated project manager assigned to each job, responsibility for work management, budget and client communication is prioritized.

LINDSAY SHOPS

Our in-house capabilities are further complemented by a well-established subcontractor network and the Lindsay Shops, which provides custom millwork, metal fabrication and welding services.

Lindsay Business Management System (LBMS)
Committed to quality, safety and productivity.
